

DUE TO COVID 19, NJ STATE and COUNTY HEALTH OFFICERS HAVE IMPOSED THE FOLLOWING

CLCC BEACH GUIDELINES

In consideration of current circumstances, outlined below are the necessary protocols for beach use. Please note that we expect these to change in coming days and weeks as circumstances evolve. As they do, these protocols will be updated accordingly.

ENTER ONLY

ENTER AND EXIT

In an effort to limit close interactions, the bridge gate will be the designated entry to the beach and the gate by the basketball court will be the designated exit.

CAPACITY

Beach capacity is limited to 250 people. If this becomes an issue, the CLCC will implement procedures to limit access to the beach.

DISTANCING and FACE MASKS

Social distance recommendations should be considered: members of different households should maintain a distance of six feet while on the beach.

Use of facemasks is recommended when circulating the beach if social distancing cannot be maintained.

BATHROOMS

Occupancy in bathrooms must be limited to avoid overcrowding. Our bathrooms will be sanitized at the beginning and end of each day as well as at intervals of no more than every two hours when the beach is open.
